

DESCRIPTION

Servo Endurance Front Fork Oil is specially developed for M/s. Endurance System, Aurangabad. It is superior shock absorber fluid with excellent viscosity temperature characteristics, oxidation stability and antifoaming characteristics. Servo Endurance Front Fork Oil is specially designed to have excellent damping effect for piston type shock absorbers. It has also very good seal compatibility.

APPLICATION

This oil is meeting the specifications as Shock absorber for Front Forks shock assembly for motorcycles made by M/s. Endurance System. Approximately 150 ml of this oil is to be filled in each leg as and when oil is changed as per manufacturers recommendation.

PERFORMANCE BENEFITS

- Increases the life of shock absorber
- Excellent seal compatibility
- Excellent damping effect
- Excellent oxidation stability property
- Excellent high temperature performance
- Excellent wear protection
- Excellent low temperature characteristics

MANUFACTURERS APPROVAL

M/s. Endurance System (India) Pvt. Ltd., Aurangabad.

M/s. Endurance Transmission Systems (I) Pvt. Ltd., Aurangabad

CHARACTERISTICS

GRADE	Servo Endurance Front Fork Oil
Kinematic Viscosity cSt @ 40°C	35-40
Viscosity Index, Min	125
Pour Point, °C, Max	(-)42
Flash Point, COC, °C, Min	214

HEALTH & SAFETY

These oils are unlikely to present any significant health or safety hazard when properly used in the recommended application and good standards of industrial and personal hygiene are maintained.
